The Kentler International Drawing Space, founded in 1990 by artists, has given New York exposure to over 800 artists from around the country and around the world. The Kentler presents shows of important contemporary drawings and works on paper by emerging, under-recognized American and international artists, and works energetically and creatively to integrate these shows into the cultural fabric of the community. We encourage dialogue and interaction between exhibiting artists and the public while providing artists with the opportunity to experiment, explore, and expand the definition of art in society.

KENTLER INTERNATIONAL DRAWING SPACE

Welcome to our fourth

Works on Paper Benefit May 18, 2006

137 Drawings and Works on Paper
by artists from Brooklyn and beyond!

One Benefit ticket equals one unique work of art. Each ticket is numbered. The numbers will be drawn at random to determine the order for choosing work and will continue until all the numbers are drawn.

When the number on your ticket is called, you may choose an artwork for your collection. Your piece will be removed from the wall and given to you. We have red paper bags to carry the work home. We also have a wrapping station in the back space for the delicate pieces.

There are 13 exciting artworks for Silent Auction bidding in the front gallery space. Bidding will continue until 9pm sharp.

The Drawing will begin at 6:45.

Welcoming remarks:

Florence Neal, Executive Director
Joan Snyder, Benefit Co-Chair
Michael Kowalski, Board of Directors

Master of Ceremonies: Gregory Purnhagen

We invite you to enjoy refreshments and conversation with friends and art connoisseurs while waiting for your number to be called.

Thank you for supporting the arts and realizing the importance of this vital exhibition space for drawings and work on paper.
